

Reasons cases were Returned Without Action (RWA) last week

- Failure to provide purchase order
- Provided letter of intent vice purchase order for Significant Military Equipment
- Not all Party names and addresses were included in submission
- Insufficient technical data submitted for technical review
- Per applicant request
- Not following [Firearms Guidelines](#) regarding suppressors
- Exporting CCL items on a DSP-5

All of these RWAs were preventable. Don't be one of these people. RWAs waste time, ours and yours. Please use the [checklists](#).
